Numbers Ping Pong With Speech Recognition

Daniel Buller

APPENDIX

Instructions: Take turns saying the numbers below into your device. Use a speech recognition app, such as iOS Notes or Google Docs, to determine if the speech recognition software can recognize your pronunciation. For each number that you say correctly, you get one point.

1) 13

2) 200

3) 950

4) 2,117

5) 4,345

6) 50,876

7) 767,423

8) 8,690,432

9) 10,641,391

10) 54,650,198
