- Due to the unlicensed nature of the 802.11 network, CCC/PNI makes no guarantee regarding signal quality or throughput. For best WiFi signal utilization CCC/PNI recommends 802.11 A/B/G compatible wireless NIC's.
- To ensure the best connectivity, it is recommend that all mission critical applications be run on wired Internet networks.
- All Services with the exception of labor will be assessed a 30% late fee if ordered on/after the first move-in day.
- Call 303-228-8027 for clarification, approval or unlisted services.
- See reverse for additional rules and regulations.
