1. Label and write what you learned about the different forms of water and how they travel in each water cycle stage.

Water can travel as a \_\_\_\_\_ during the water cycle process.

In the \_\_\_\_\_ phase, the water changes from a \_\_\_\_\_.

In the \_\_\_\_\_ phase, the water changes from a \_\_\_\_\_.

In the \_\_\_\_\_ phase, the water changes falls to the earth as a \_\_\_\_\_.

In the \_\_\_\_\_ phase, the water comes together into a body of water and sits as a \_\_\_\_\_.
