## APPENDIX C: Interview Questions and Speed Interview Instructions

### Interview Questions

Imagine that you are a **music festival promoter**. Your task is to hire a **headliner** or **featured musician** and an **opening act** for a summer music festival. You are looking for interesting and exciting artists to perform at your music festival. (Remember: This is a role-play activity. You are a music promoter. The different people you interview will imagine that they are famous musicians.) Create interview questions. After all questions have been written on the board, select five questions and write them in the following box:

1)	_____
2)	_____
3)	_____
4)	_____
5)	_____

### Speed interview activity instructions

You must interview six different musicians. The interviews will last 4 minutes and 30 seconds. During the first 4 minutes, you will introduce yourself and ask the musicians different interview questions as well as about information from their profile cards (e.g., What is the best city to visit on a concert tour? Why?). When the 4-minute interview is finished, the musician will play you a 30-second audio or video file of her or his best song or music video. As soon as all the interviews are completed, you will meet in a small group with the other promoters to discuss the musicians you would like to hire. Create a chart on the back of this page to help you remember the different people you interviewed.
