* Note: Members are encouraged to choose multiple areas of expertise and some members do not choose any areas of expertise. The total number of distinct members (3,939) represented in this report is less than the total number of active members as indicated elsewhere in this report.

Areas of Expertise are separate from official TESOL interest sections or Areas of Interest. Areas of expertise represent distinct areas in which a member may be experienced in, rather than official entities in which a member is involved.

Areas of interest which have a very low count may be recent additions to the AOI list, or may reflect overall trends in membership.
